Dear Mr. Gochmour:

Thank you for submitting your amended proposal, dated August 23, 2000, for the drilling of up to thirteen (13) groundwater exploration/development holes at the Lisbon Valley project, ten (10) of which would be on Federal land. Our office received this amended proposal on August 28, 2000. The locations of the proposed disturbance sites (C-1, C-4, C-5, C-7, G-3, G-6, N-2, N-3, N-5, S-4, S-5, X-1, X-2) are shown on a map included with your original proposal dated July 14, 2000. Based on our analysis of this amended proposal, we find that it is authorized under approved 3809 Plan of Operations UTU-72499. Therefore, Lisbon Valley Mining Company LLC (Summo USA Corporation-Operator) may proceed with this amended proposed action, subject to conducting land disturbing activities only at sites C-1, C-4, C-5, C-7, G-3, G-6, N-2, N-3, N-5, S-4, S-5, X-1, and X-2 as shown on the map included with your original proposal.

In addition, Lisbon Valley Mining Company LLC (Summo USA Corporation-Operator) must, prior to any surface disturbing activities, post the appropriate reclamation surety with the Utah State Division of Oil, Gas and Mining (UDOGM). If you have questions, please contact Sal Venticinque at this office, (435) 259-2141.

Sincerely,

William Stinger
